

## INSURRECTION STALKS AFRESH AMONG REPUBLICAN REBELS

They Are Without the Pale  
of the Republican Con-  
gressional Committee.

WILL GET NO SUPPORT FROM  
THE COMMITTEE IN THE COM-  
ING CONGRESSIONAL ELEC-  
TIONS—PUBLICATION OF THIS  
FACT RILES THE REBELS, WHO  
WILL ORGANIZE AND FIGHT  
BACK WITH ALL POSSIBLE  
VIGOR.

By Associated Press.  
Washington, Jan. 10.—Insurrection stalked afresh among the Republican insurgents of the house today when they read the letters of the Republican congressional committee published today declaring that the insurgents were without the pale so far as concerns support from the committee in the coming congressional elections. Hair a dozen leading rebels were unamiably emphatic in their disapproval of what the Republican congressional committee had said, and done. All were in favor of the insurgents meeting without delay and formulating a reply to the committee's leader. An unequivocal answer was necessary, they said.

Congressman Hayes, of California, said: "The congressional committee cannot put me outside of the Republican party by any such declarations. I have voted regularly and consistently for Republican policies and they cannot deny it. I intend to continue to do so. The insurgents will have a meeting within a day or two and we will see about this thing. Two can play at this game, they will find."

Representative Norris, of Nebraska, expressed himself as for fighting back with all the vigor possible. Gardner, of Massachusetts, has written a letter to President Taft and is said to have treated with the situation in unmistakable language.

All of the insurgents desired it understood that in the Ballinger-Pinchot matter they wished to see appointed by the house an impartial committee which would undertake no "white wash" of anybody.

NAMES OF INSURGENTS  
ARE STRICKEN FROM LIST

Washington, Jan. 10.—It was said in house today that Representative Dwight, of New York, Republican whip, had taken the names of the so-called insurgent Republican congressmen off the list of representatives to whom he regularly sends notices demanding their attendance at times of division.

## BIG ROUND UP COUNTERFEITERS

FOURTEEN MEN WHO HAVE  
TURNED OUT \$50,000 IN COUN-  
TERFEIT DURING THE PAST SIX  
MONTHS, ARE CAUGHT.

By Associated Press.  
New York, Jan. 10.—Ignacio Lupo, alias "The Wolf," and Giuseppe Morello, who, the police say, were the brains of the plot that ended in the assassination of Police Lieutenant Petrosino in Palermo, Sicily, were arraigned in the United States court today, with fourteen alleged confederates, charged with wholesale counterfeiting. "This is the biggest round-up of counterfeiters in the history of the country," said the district attorney.

Lupo and Morello were held on bonds of fifteen thousand dollars, and the others five thousand each. Two of the principals are natives from justice from Italy. It is alleged that during the past six months the gang has turned out fifty thousand dollars in spurious two and five dollar bills.

## Former Employes of American Refining Co. Sentenced to 1 Year

By Associated Press.  
New York, Jan. 10.—Four former employes of the American Sugar Refining Company, convicted of underweighing barrels, were sentenced to one year's imprisonment each by Judge Martin in the United States circuit court here today. The men sentenced are Thomas Kehoe, Edward A. Boyle, Patrick J. Hennessey and John M. Coyle.

The quartette were checkers on the docks of the sugar company in Williamsburg, where discovery was made that the scales used to weigh sugar imports had been tampered with.

The jury convicted Oliver Spitzer,

## Plan to Neutralize Manchurian Railways Not Favored in Japan

By Associated Press.  
Tokio, Jan. 10.—America's plan to neutralize the Manchurian Railways has not called forth a word of favor from any source in Japan. No doubt may be entertained of the disfavor with which the Japanese government views the plan. The Japanese reply to the American note will be couched in friendly terms because the suggestion comes from a friendly power.

## P. O. ROBBER IS IDENTIFIED

INSPECTOR FRED ROEGE FINDS  
THAT ONE OF MEN KILLED AT  
TALLAHASSEE IS "TENNESSEE"  
DUTCH, NOTORIOUS CRACKS-  
MAN.

By Associated Press.  
Tallahassee, Fla., Jan. 10.—One of the postoffice robbers who was killed by the boy, Paul Sauls, Saturday was identified this morning by Postoffice Inspector Fred Roegel as "Tennessee Dutch," a notorious crackman who recently made his escape from the federal authorities and who has been sought all over the country.

The other dead man was partially identified by a weeping young woman as a friend of hers who called himself Walter Rexter.

WHICH CARRIED PORTIONS OF

By Associated Press.  
Bloomington, Ill., Jan. 10.—An explosion tonight wrecked the gas plant of the Union Gas Electric Company, portions of the building being carried for blocks and windows broken on the west side of the city. SYNDICATED WHITE SLAVERY IS  
BEING INVESTIGATED IN N. Y.

By Associated Press.  
New York, Jan. 10.—Syndicated white slavery was under fire here today. In the grand jury room, District Attorney Whitman asked the investigators of the traffic to find indictments against certain individuals who, he is satisfied, are leaders in the business. It is believed that the searching investigation undertaken by John D. Rockefeller, Jr., as foreman of the grand jury has already proceeded far enough to show not only that an organized white slave traffic really exists, but that there are close relations between traffickers in women in the principal cities of the country.

Ownership of many illicit resorts in this city is being traced through title companies and it is currently reported that one man or syndicate has been found to own several such places here. Outside investigation is to trace the affiliations of reputed syndicate in other large centers of population, East and West.

BRICKLAYERS IN SESSION.

Boston, Jan. 10.—More than 800 delegates, representing 75,000 members of the International Bricklayers and Masons Union through the country, assembled here today for the biennial convention of the organization. The sessions are expected to continue two weeks.

Washington, Jan. 10.—If the political wisecracks are to be believed, the situation between the administration forces and the so-called insurgents in the house and senate is becoming more acute every day. The gossip has it that patronage is being withheld from the men who have been active in opposing pet measures of the administration. The situation was felt a few days ago when a western representative made the public announcement that he had been told by Postmaster General Hitchcock that patronage was being withheld from the insurgent congressmen. Mr. Hitchcock

WOULD REMOVE THREATENING  
SPECTACLE OF RUSSO-JAP WAR.  
St. Petersburg, Jan. 10.—The Novoe Vremya today while admitting advantages in the American project for the neutralization of the Manchurian Railways, points out considerations why not all of the American memoranda can be accepted.

The paper says, however, that the American scheme would remove the threatening spectre of a Russo-Japanese war.

## REGULATE CAR DISTRIBUTION

SUPREME COURT UPHOLDS  
POWER OF INTERSTATE COM-  
MERCE COMMISSION TO REGU-  
LATE DISTRIBUTION OF COAL

By Associated Press.  
Washington, Jan. 10.—The supreme court of the United States today decided the various cases involving the power of the interstate commerce commission to regulate the distribution of railroad cars among the coal companies, upholding the commission's power, but deciding the various cases on their individual merits.

MILITARY ACADEMY IS  
DESTROYED BY FIRE

By Associated Press.  
Nebuch, N. Y., Jan. 10.—The military academy at Cornwall, N. Y., caught fire early today and was destroyed. When the fire was discovered the bugle was sounded and the cadets with military precision marched out, most of them in pajamas and bath robes. They lost all their personal effects. There were about 150 students in the academy. The buildings destroyed were worth about \$100,000. The academy has educated young men for West Point for 40 years.

## Sensational Break in Cotton Market Caused By Census Report

By Associated Press.  
New York, Jan. 10.—There was a renewal of general excitement and another sensational break in the cotton market today. A bullish interpretation was placed upon the census figures and the market opened 4 to 14 points higher with March contracts selling at 16.02 and May at 16.19 during the first few minutes. This represented an advance of 13 to 17 points from the closing figures of Saturday and of about \$4.50 per bale from the low level of last week. But these gains brought out a lot of long cotton which has been carried over

## OLD OFFICERS RE-ELECTED BY CHAMBER OF COMMERCE

Good Representation at An-  
nual Session of Commer-  
cial Organization.

H. H. THORNTON IS AGAIN CHOSEN  
PRESIDENT AND G. A. WATER-

BEING GIVEN VOTE OF THANKS  
—REPORT OF THE SECRETARY  
SHOWS THAT MUCH GOOD  
WORK WAS DONE DURING THE  
YEAR.

A representative gathering of business men attended the annual meeting of the Chamber of Commerce, held yesterday at 11 o'clock, when reports of officers were read and officers chosen for the ensuing year. The reports showed that much good work had been accomplished during the year.

H. H. Thornton was re-elected president of the organization, with B. S. Williams, first vice-president, Sol. Cahn, second vice-president, and H. H. Thornton, B. S. Williams, Sol. Cahn, Wm. S. Keyser, N. J. Lillard, C. E. Dobson and Alva H. Warren directors. Immediately the directors held a session and re-elected G. A. Waterman secretary and W. N. Roberts treasurer.

ENDORSED REQUEST.

The body endorsed the request of the Mississippi to the Atlantic Inland Waterway Association that Pensacola raise \$2,000 for the current work of the association, which is to hold its next annual convention in this city.

Secretary Waterman was given a vote of thanks for the excellent work which he had done during the past year. His annual report was then read as follows:

SENATE ADOPTS JOINT RESOLU-  
TION ON BALLINGER-PINCHOT  
INQUIRY WHICH PROVIDES  
THAT HOUSES ELECT MEM-  
BERS OF COMMITTEE.

By Associated Press.  
Washington, Jan. 10.—The adoption by the senate without dissenting voice of the joint resolution providing for the investigation of the Ballinger-Pinchot controversy, was the chief feature of interest in the proceedings. As passed the resolution provides that the house members of the investigating committee be elected by the house in accordance with the house vote on the question last Friday.

The senate adopted the resolution after defeating an amendment proposed by Senator Newlands, which would permit "any official or ex-official" whose conduct might be considered, to appear in person or by counsel.
